

### Characteristic

Our studio is acoustically managed and is available with or without a green screen. The studio is suitable for video and photography purposes. It is 6 x 6 meters, equipped with a light rail system, lighting, air conditioned, furniture sets, and has no external light leakage. An in-studio changing room and bathroom, and a conference room for pre and post shoot meetings and a co-working area for editing.

Our studio is located in central Bangkok, at Lardprao Road Soi 38 and easily accessible 5 minutes from Ratchadapisek MRT station Exit 3. Situated in its own private compound with beautiful quiet gardens to relax in between shoots as well as car parking in the compound with eateries are nearby.

## What is the studio suitable for?

Our studio is suitable for photography and shooting interviews, training videos, presentations, casting, testimonials, vlogs, Facebook live, and music videos.

## Studio Equipment

The Studio can be rented as a dry hire including standard lighting, aircon, electric and wifi. You can bring your own equipment or you can rent our equipment which includes a variety of lights for both the pantograph ceiling rail system and stands, directional and lavalier microphones with audio recorder, mixer, BlackMagic ATEM Mini Pro, soft box, 55" TV screen, teleprompter and a lot more. We also have our own sound studio for voice over and audio editing within the same building. Any equipment we don't have, we can source for you.
